VALUE PROPOSITION

Assured Quality

As a part of Quality Assurance, we follow test case driven development. Here test cases for all scenario are defined, discussed & mutually agreed with client and if delivery fails to address these cases, all work (bug free) is delivered to the client with no charge.

Local Presence

While labor rates can be 70% lower in offshore markets, most companies save only 20% or less on their global sourcing initiatives. Major cause in COMMUNICATION GAP adding to Total Cost of Off-shoring (TCO).

To effectively manage off-shoring and provide better services to client, we have local presence in Europe having our offices in UK and Canada, Australia and USA.

Unified Process

We follow unified processes at each phase i.e. analysis, design, development and testing of functionality for optimal performance.

Our methodology promotes exceptionally strong client partnerships; better communication; and more tightly managed projects that arrive on-time, on-budget and in alignment with client requirements

Elastic Approach

We are flexible enough to deal with and follow very elastic approach customized for each client / project / product as per its needs and requirements.

- Flexible Engagement Models
- Flexible with all Time Zones
- Flexible Payment Options
- On Demand Team up-sizing / down-sizing
- Control of Non Conformance
- Cost Effective in Change Control Management
- Open to all technologies & platform
